

Drago di porta Capuana

A brave knight challenged the hideous Creature, but it was a woman who defeated him this is the legend of the dragon and shake of Naples.

That night Gismondo had a dream. In the vision Madonna appeared to him who explained to him that she had killed the dragon herself to allow him to reach Naples safe and sound.

Few know, until the early 17th century legends tell that a dragon lived just outside Porta Capuana.

The creature was well known to the population of Naples, who therefore avoided passing through the gate and the swamp. No one dared to cross the swamp and the story of the dragon reached even those who did not inhabit the city. After thinking about it for a long time the man decided to cross the dangerous.
