

According to tradition, the only remedy to keep Janara away was to grab her by the hair, to prevent them from entering the house, just put a broom with the bristles facing upwards in front of the entrance door, counting them the witch would have made the morning.

HOW TO TAKE THEM

Aggressive and acidic, they walked around naked and had a monstrous appearance, similar to that of harpies. It was also thought that they were a source of trouble and infertility as well as carriers of illnesses to the detriment of children, he went out at night and hid in the horse stables to take a mare to ride it until the first light of dawn.

THE JANARE

The Janara is a figure of popular and peasant tradition. Like all magical beings it can have both a negative and a positive character.

He knows the remedies for ailments thanks to the ability to put together magical herbal recipes, but he can also cause storms
